

Advertisement for the temporary post of Junior Research Fellow (JRF)

Applications are invited for the temporary posts of JRF in the Ministry of AYUSH sponsored research project entitled "Comparison of Unani formulations Zuroor-e-Qula and Jawarish Amla sada with allopathic antioxidants in management of patients with early-intermediate stage oral submucous fibrosis".

Summary of the proposal: Oral submucous fibrosis (OSMF) is a chronic, insidious disease that is associated with significant functional morbidity and an increased risk for malignancy. Treatment of OSMF is a challenge. Several complementary and alternative medicines have been evaluated in OSMF patients like curcumin, aloe vera, spirullina, allicin and papain. The current study stems from lacunae in the routine usage of unani formulations for this debilitating oral disorder. It is hypothesized that unani formulations could be effective in patients with OSMF due to their anti-inflammatory, potent anti-oxidant and anti-carcinogenic properties. In this study, we propose to compare Unani drugs *Zuroor-e-Qula* and *Jawarish Amla sada* with allopathic anti-oxidants in the management of early and intermediate stage OSMF.

Project duration: The duration of the project is upto December 2021. Stipend shall be given as per the Ministry of AYUSH rules.

Qualifications:

- (1) JRF Life sciences - M.Sc. degree in Life Sciences or allied subjects from a recognized University / Institution.
- (2) JRF Unani - BUMS from a recognized Statutory Board/University included in the 2nd schedule of the CCIM act 1970

Applications with updated hard copy of the CV should reach the "**Office, Faculty of Dentistry, Jamia Millia Islamia, New Delhi-110025**" on or before **11th May 2019**. The candidates can also send the soft copies of the application to email address given below. Short listed candidates shall be communicated by e-mail to appear in person with original certificates for the interview. Kindly mention your mobile number and E-mail ID in the CV.
